

RFN Standard Fruit Farming Range

The fruit farming flatbed trailers in our RFN range have carried thousands of tonnes of fruit since the day they were first introduced.

Simple and practical, they come in numerous different models and can carry 4, 5 or 6 pallets. They have been designed to give you the choice of unloading from the rear, or from the sides.

We offer both two-wheel and four-wheel rocking axle models.

Standard model

Surrounded by a mudguard

Front drop side

Detachable rear door

Drawbar adjustable to different heights

Mechanical and hydraulic brakes (**dual hydraulic line + mandatory ABS connection on the tractor**)

Lights, approved for road use - 25 km/h
